## MEDIA RELEASE

### FORUM ON CLIMATE CHANGE (GLOBAL WARMING)

Following the record temperatures, extreme weather events and ecological disasters that have been observed in recent years around the world, the issue of global warming and climate change is forefront on the agenda again. This time, on high priority.

Recent unprecedented global weather events, which have greatly affected the planet's behaviour, confirm that the climate is changing rapidly and violently, while scientists are raising the alarm, calling on governments to take immediate action.

For this reason, the Greek Orthodox Community of South Australia has decided to organise a forum on global warming and climate change to raise awareness and to give a broader perspective of the threat.

Guest speaker will be former Minister of the Environment and Climate Change and current Member for Hindmarsh, The Hon Mark Butler MP.

The Forum is scheduled for Wednesday, September 29, 2021, at the Olympic Hall, 6.45pm for a 7.00 pm start.

Mr. Butler will present the issue from his own point of view in terms of immediate action.

The Forum will conclude with questions from the audience and further discussion.

Note that due to the COVID restrictions currently in place, only 100 people will be allowed entry in the hall, and it's expected that all participants will follow government rules regarding the pandemic.

**This is a free event, but reservations are essential by calling 82314307**

Kind regards  
Bill Gonis  
President
